

gimmick: grand star

Grand Star Circle

Don Armstrong

Sicilian Circle

A1 circle right; ladies chain

A2 chain back

dosado opposite

B1/B2 see saw partner (left shoulder)

grand star to #5 (*same four make a right hand star and turn it just half way*

Then turning individually left each couple makes a right hand star with a new couple

turning it just half way. Again turning individually right all make a right hand star with a

third couple and turn it just half way. Turning individually left one last time new couples

make a left hand star half way.) With the fifth couple the dance begins again. One clue: the

ladies will follow their partner in all the stars. The movement is related

to a grand right and left.
