

ocean wave mainstream Figs.

Transatlantic Contra Heiner Fischle

Improper Duple

- A1 your corner swing
face across pass the ocean balance
- A2 grand scootback
balance; swing thru
- B1 boys run promenade up or down
partner trade; come back bend the line
- B2 reverse flutter wheel
pass the ocean; extend

This too is a "square dancers' contra". It's name refers to the fact that you pass the ocean over and back. Lonesome couples at the ends should take part in the scoot back (as in scootback from 1/4 tag) and then turn back.
